PROFESSIONAL SUMMARY

Artificial Intelligence and Machine Learning undergraduate with experience in Python, SQL, data analysis, and UI/UX design. Developed projects in phishing detection, student wellness platforms, and emergency response automation while applying data-driven problem-solving and user-centered design principles. Seeking opportunities to contribute technical and analytical skills in AI, software development, and data-focused roles.

CORE COMPETENCIES

- Proficient in Python and SQL
- Data visualization skills
- Web development expertise in HTML5 and CSS3 using Figma
- Database management: MySQL
- Skilled with tools like VS Code, Jupyter Notebook, Google Colab, Git, Figma, Canva
- Technical communication
- Teamwork and collaboration
- Engaging presentation skills

PROFESSIONAL EXPERIENCE

UI/UX Design Intern | Stedio (Tech Startup)

May 2026 – June 2026

- Designed 15+ digital assets and branding materials in collaboration with cross-functional teams.
- Improved UI layouts and visual consistency using Figma and Canva, increasing audience engagement by 20%.

TECHNICAL PROJECT PORTFOLIO

Phish Guard – (AI-Powered Predictive Security Application)

Technical Project

- Developed a Python-based phishing detection system for URLs and emails.
- Implemented machine learning techniques for real-time threat identification.

MindCare – (Student Institutional Wellness Platform)

Technical Project

- Built a web platform to support student wellness monitoring and resource discovery.
- Designed user-friendly interfaces and workflows using Figma.

Smart Resource Allocation & Volunteer Coordination Framework

Technical Project

- Created a WhatsApp-based emergency coordination solution.
- Automated volunteer allocation using location-based routing.

LEADERSHIP & PROFESSIONAL INVOLVEMENT

Cyberhive Club – UI/UX Layout Designer

2024 – 2025

- Designed templates and interface layouts for cybersecurity workshops and events.
- Orchestrated the integration of core branding elements across all media team outputs, reducing visual inconsistencies by 30% within one quarter.

PROFESSIONAL CERTIFICATIONS

- Cisco: Python Essentials I & II, CCNA I & II, DevNet Associate
- AWS Academy: Generative AI Foundation, Cloud Computing Foundations
- Oracle: Java Foundations, Java Fundamentals
- IBM: HTML5, CSS3 & JavaScript

EDUCATION

Gyan Ganga Institute of Technology and Sciences

2023 – 2027

B.Tech in Artificial Intelligence & Machine Learning (CGPA: 8.23/10)

St. Joseph's Convent Senior Secondary School

2023

Higher Secondary Education (Mathematics & Science)
